Subject: RE COUNSELLING FRPM THE TWO SISTER'S OF CELESTIAL CHURCH

Hello Shepherd,

Today Sunday I should have being in church, but my whole week has been a week of confusion because of what the two sister's has said that I was not sure which church to attend today.

The message that I can run but cannot hide hit me very hard, also the fact that one mention that she feel in her spirit that someone is blocking me from coming. so true but how can I tell anyone but the Lord who has already know that you and yours are the ones that is blocking me from even coming to visit more often as they requested.

Shepherd how can I sit under the leadership and preaching of someone who is living and immoral life and boldly and proudly admit it and is proud to continue living it. I could not believe it when you admit to me that yes I will sleep with your two live in so culture wives whenever you travels to Nigeria while sleeping with me and even others here including sleeping with your legal wife in France because sex is no big deal. Even though I took it so calmly I was devastated. I could not believe that you had said moreover I did not believed that I was talking to you, a man that preaches the words of God. I thought that I was talking to those guys that hung out at Jane and finch area that go to bed with different women and brag about it because that is what make them feel like a man.

Your marriage in France was due to circumstances that I understand. Your wives in Nigeria could be before you knew the lord, that I can also understand. But to boastfully say that you will continue to have sex with them all while sleeping with others because sex is no big deal is disgraceful and going against God's word. The Bible that I read in Genesis clearly say a man should take unto himself a wife and the two should become one. Jesus also attended a wedding where he turn water into wine between one man and a woman. No where in the Bible it stated that a man should more than one wife, or even a wife and a girlfriend. David and Solomon did it as a way of sin but they paid the prize for it.

I am shock and still in a daze since we last talk, of your attitude and behavior towards immorality and infidelity, no remorse at all as if it is the most holy and godly way to live. I listen to you preaching about following the words of God, does the word of God not also say take unto yourself one wife?.

O.K you have omitted the words of God in that area and claimed it to be your culture, so I started to investigate it with other Africans and Nigerian men between the age of forty to fifty five. This is what I have found out from all of them. First of all it is not an African culture it is an Muslin way. Secondly the Africans who did it were in the days slavery when they were used as men studs to produce children for slavery, when it had exited, they did not do it by choice. Thirdly after that the ones who did it meaning have more that one wife, where kings and men with money and they did it to protect the women from poverty because there were not enough men to take care of them. Last and final the other men who do it away form the above reasons do it as an excuse to sleep around with women and used it as an culture excuse to do so. They went on to say that these men are no different that the men from the Caribbean that sleep around with different women and sometime having a girlfriend with their wife. The Africans who do this is just bolder with it because they used the past of slavery for an excuse of culture and cover up to sleep around. They also claims that the ones that do it today are giving Africans a bad name and is still in slavery. I then asked what do they do if they already have many and want to change?. they said that they would have to give them up and keep one. But they continue to say the ones who have done it in modern time will not because it is there way, they cannot have one woman because they love to sleep with more than one woman and the woman in the group that cast problems they will put them away and find another one to put in her space. They said often time they control's these women and they are afraid of them and stay in it because of circumstance, mostly financial ones and shame of been put away.

When I first met you I had respected you because I had admired the fact that you were away from your wife and was keeping yourself so noble. I had no romantic interest in you just respect. My heart was only with having Jeff back. So because of my respect for you even though it was very hard to do, when you suggested that we had to sleep together to try and bring Jeff back I was at the end of my rope so I did it. I did ask you how long I would have to sleep with you, your reply was until he comes back. I thought well maybe this will help so I decided to do it. I remember very well the night when you asked me if I wanted to be with you, because you could make me happy. I said no because you could not love me as Jeff did. You said that you could. The next day I started to think about it. I thought that maybe this is what the lord want for me. Brother Van was always telling me to let go. Then I thought to myself no way, our lives are like night and day, I cannot run around barefooted, I am not used to that kind of worship, I don't fit in down there, etc. etc. After awhile my feelings started to grow towards you.

That was when everything started to unfolded, stores of you and Meredith started coming at me from outside and inside the church. I started to observe for myself where I have seen signs and questioner behaviors along with her change of attitude towards me.

The final straws why I started to believe was when you attack everyone that say anything negative about her even call me names, such as low because I question you about something that was said. I started to loose respect for you then. I remember the women meeting that we were attended at the Dundas Street Church. The letter for you was not address properly and instead of her saying it there. She left early to advise you of it, instead of you saying to her, why she did not mention it there and then you listen to the gossip and attack the sister from Pickering that brought it to you. I was there in the middle of the confrontation. You listen and encourage gossips from her about other people but anyone say anything about her you get mad at them so that they are afraid to come to you. Base on your conversations with I also came to the conclusion that you wanted me to be your mistress while you were still married or worse have me hiding in the closet or in the darkness, afraid to talk to me when she is around.

That and other reasons I had decided that at the end of the year I was going to pull away from you. TO my surprise before I could do so you gave me another shock of my life. You not only have one children mother but two which you are still sleeping with. I was speechless; all I could thing of all that night and days to come were the shocking news. (I thought this is not a Preacher). I have never had to deal with anything like that before. I had hated you so much to deceived me like that, it had hurtled me so much. I had to pray and pray that God would take the pain away and give me peace, so that I would stop hating you, it was only the peace of God why I was able to keep calm and polite to you during that time.

After I found out about your children, I just assumed that the relationship with their mother were over because you were married. I had no idea that you were still having sex with what I thought to be at the time one, moreover two upon your travels to Nigeria.

Things just keep getting worse and worse with you, your last visit here I tried to talk to you about these things. You got mad and again tried to put me down as being the one with no moral values by telling me that I am acting as if I am a virgin and not wanting to be number fifth bed for you to be sleeping in is crazy because you are God gift to women to keep us satisfied once in awhile. You have not offer one word of apology for hiding the truth from me.

To date I am still trying to come to terms with your actions. How can I come and sit there and listen to you preach whiling feeling this way about. I have so many questions which need to be answer. As to why, you knew how I felt about infidelity. All you wanted from me was sex, Why was it so important to have sex with me. you knew that once I found out that you were having sex with these other women I would end it. You said that you had not return to Nigeria since we started sleeping together, what about when Paulette and her husband met you down there last fall?. Does that not count? In all this you take no responsibility; I am the one that is left with the burden. You just move on with your life as if nothing has happen, I was just another one night stand so stop acting as if I was a virgin and move on. You see it is not that easy for me because though I was not a virgin, I have morale values, integrity and by my actions character.

I do not hold your pass against you but when you continue to live your life in the wrong and are proud of it even to bring me into it, that I hold against you. I have never heard you preach about marriage, now I know why it is because you do not believe in it or have any loyalty to it. How can you preach on faithfulness to each other when you cannot be faithful yourself?

Time spend with you used to be so special but knowing what I know now, it has become so dirty, the though of you sleeping with others the same time with me. If you love someone you cannot have sex with anyone else. you can be nice to them but not sex. (THAT IS SPECIAL).

I HAVE MIX FEELING FOR YOU. IN A WAY I STILL CARE AND THE OTHER HAND I DESPISE YOUR ACTIONS TOWARDS ME.

I am trying to live a Holy and Godly life without hate and malice but because of you I have no piece. I cannot even visit your Church now. It was bad that the only reason was that I could not sit there and listen to you preach or deal with Meredith sometime attitudes. But now I have to deal with people as to why. I have to be covering for you and her. With all of this I am still encouraging people to talk to you, like encouraging the guy at the other church to call and wish you happy Easter and Joel to call you. You see Shepherd I do not want to bring negative gossip back to you. I want to encourage peace brotherly and sisterly love. I do not want to find favors in you by costing conflicts.

You need to find out why people are leaving the church it is not only because of one person. Call them up and you will find out, that is if they are not afraid to tell you.

I need help I need to know how to handle this situation re coming to Church, Michael, Ayo and Paulette wants to know why I am not coming or even wants to visit. The Two sisters also advised me when I was there the last time that they were going to get my phone number and call me. How am I suppose to deal with this?. You tell me please.

Thanks for taking the time to read this email,

God bless.

Margret.
