The Acting Chairman, EFCC
Plot 301/302, Institution and Research
Cadastral District, Jabi District
Abuja.

Sir,

We the undersigned, patriotic and bonafide indigenes of Bauchi State, representing the three Senatorial Districts of the state wish to petition your Agency over the reign of impunity and kleptocracy in our dear state.

BACKGROUND TO OUR PETITION

Prior to the last general elections, there was hardly anyone of age in Nigeria who didn't know about now Governor Bala Mohammed's sordid past especially the reign of corruption, characterized by embezzlement and massive conversion of official land/properties for his personal use while he held sway as FCT Minister for 6 solid years. Most of these details were reported on,

in detail by Desert Herald Newspapers, Gov. Bala Mohammed's then nemesis while in office as FCT Minister.

After detailed investigation into allegations of massive corruption against Bala Mohammed, the EFCC on October 10, 2017 slammed a six count charge against him. He was indicted and charged with gross abuse of office and land racketeering along with his eldest son, Shamshudeen, who, as this petition will reveal, is still Gov. Bala Mohammed's business partner. Gov. Bala Mohammed achieved the highest undistinguished honor amongst so many corrupt Nigerians of having to be detained alongside his son by EFCC on corruption charges. There are not more than three high ranking political figures in Nigeria who have been detained and charged alongside their biological children. So even among the corrupt, Gov. Bala Mohammed was and still remains the undisputed National Heavyweight Champion.

To show that we are not guilty of exaggeration, even after the 2019 general elections, specifically in April 2019, EFCC slammed amended charges on Gov. Bala Mohammed before an FCT High Court, accusing him, among other things, of receiving a property located at Asokoro District of the FCT valued at N550m as gratification, a property that remains sealed by EFCC today although he hired someone to lay claim to the property to avert being linked to it. He is also being accused of failing to disclose his ownership of some properties which were acquired with proceeds of crime which sources still remain dubious. The EFCC also on its official webpage had published properties forfeited by Shamshudeen Bala Mohammed, the Governor's son. See **ANNEX 1 and 2** to this petition. As the saying goes, "like father, like son".

As if to add salt to injury, the ICPC had in June this year seized multi-million naira property belonging to Gov Bala Mohammed. The property houses Zinaria International School situated at Plot 298 Wuye District, Cadastral Zone B3, FCT, Abuja. The Governor, then as FCT Minister had illegally converted the land for his school which has himself and family members as directors and shareholders despite an existing right of the Federal Ministry of Agriculture over the land.

Having used his office to confer corrupt advantage upon himself and relations, Gov. Bala Mohammed committed a crime under **S.19 of the ICPC, Act**. ICPC is unable to prosecute him because of the immunity our people conferred on him by electing him Governor. See **ANNEX 3** to this petition. Gov. Bala Mohammed's penchant for involving his family members in his crimes can easily be gleaned from our above narratives. When confronted with the facts Gov. Bala Mohammed's defence was that he could not be guilty because his predecessors also converted public lands for their personal use. This is tantamount to a thief who has been caught red handed saying that he cannot be said to be a thief because others have stolen before him. This defense defies all known logic.

We make bold to say that Bauchi people made a mistake by electing a conman as governor although he deceived us and pretended that he is a changed person. He even said severally that EFCC was just executing a political vendetta against him and queried why he was not in jail if he was guilty as alleged.

But our petition which is set out below will reveal that Gov. Bala Mohammed has not changed. The office of the Governor did not change him, rather it revealed who he truly is. He is committing the same crimes he is known for. He is involving family members in his crimes as usual. He is more bold and audacious as the evidence we will present below will show, just because he now has immunity that enables him commit crimes with impunity. As the saying goes "a leopard cannot change its spots".

Our petition covers a multitude of subject areas and it is fairly detailed. We implore you to leave no stone unturned in your investigations. We are aware that the Governor has immunity from prosecution but not immunity against investigations. His family members and assorted fronts and officials of the Bauchi State Government who enable his crimes do not enjoy immunity from investigation and prosecution. Hence, our motivation to present this Petition to your Agency.

We believe that Bauchi people deserve protection from this nest of thieves masquerading as Government officials. If Governor Bala and his enablers are not brought to book then the EFCC and the Government must immediately apologise to Gov. Joshua Dariye and Gov. Jolly Nyame and release them forthwith from jail. This is because Gov. Bala Mohammed has committed more crimes and acts of corruption than the two former Governors now in jail notwithstanding that he is just little over one year in office while the others served a minimum of 8 years in office as Governors.

We now invite you to go through our lengthy presentation with the patience of an investigator. If you dare to, what your Agency

will unearth may jolt the conscience of the entire nation. It is just a story of rot and rot and nothing but rot. We now begin to skin the criminal syndicate presided over by Gov. Bala Mohammed.

GHOST WORKERS

About 41% of the total Bauchi State workforce are Ghost workers. When the total monthly wage bill of the state was about N5.2b over N2.1b of that amount was going into private pockets. To the chagrin of informed indigenes such as us, the Governor recently claimed in a widely circulated interview that the state wage bill has moved to over N7b monthly, representing an increment of over N2b when there has not been fresh recruitments or promotions in the state.

In order to buttress our point and lend credence to our assertions herein, we have attached a list of 1,161 ghost workers as **ANNEX 4** to this petition. This is just a tip of the iceberg. They were in such hurry in the process of making the list so much so that they became very clumsy in preparing the list to justify the fraud. We invite you to take a look at the ghost workers Date of Birth (DOB), Date of Assumption (DofA), Date of Retirement and BVN which is the same for every ghost worker, meaning their total salary goes into the same account. Some of the ghost workers were born in 1899 according to information on **ANNEX 4**, employed the same day and will all retire same date in December 2023. What a shame!

PRAYER:

Those who prepared the list of the Ghost Workers are known to the state officials listed in **ANNEX 5** to this petition. All of them should be invited for interrogation. We are sure of the fact that at least one of the officials listed in the said Annex will shed further light and provide information as to how the proceeds from ghost workers is shared under the directive of the Governor.

As part of managing the loot from ghost workers, the state Accountant General (AG) pays N 45m monthly to the Governor from an FCMB account. Sadiq Ibrahim Ahmed, DFA Treasury (Special Duties) is a well known front of the state AG. It is an open secret that in early August, the sum of N600m cash was stolen from his office. Workers at the Treasury Department are aware of this. We are sure some of them will testify in the affirmative if they are summoned in consequence of investigations.

STEALING LGA FUNDS:

See **ANNEX 6 - 11**

1. UNANUTHORISED MANDATORY PAYMENTS:

In the case of Kirfi LGA alone, from July 2019 to Dec 2019 it amounted to N 538,651,186=. The same is the story in the remaining 19 LGAs of the state. More sordid details will be laid bare if officials of the 20 LGAs are interrogated. See **ANNEX 6** to this petition.

2. DIRECT WITHDRAWAL (STEALING) FROM THE BANK:

In the case of Bogoro LGA, the total sum of N24,174,500= was withdrawn from the bank from July 2019 to Dec 2019 alone and criminally shared. The Bogoro CTC then was one of the very favored CTCs because of his expertise in processing hush money. He was over used in ferrying stolen money to the commissioner for Local Government Affairs. A cursory look at financial dealings of Bogoro LGA and other LGAs of the state will easily unravel this brand of crude stealing. See **ANNEX 7** to this petition.

3. OTHER UNAUTHORIZED PAYMENTS:

See **ANNEX 8** and **ANNEX 9**. Kirfi LGA alone illegally paid out N 30,728,400.00 from May 2019 to Dec 2019. In some cases for funny reasons such as special prayers and PDP allowances. In the corresponding period, the illegal payments made by Bauchi LGA as reflected on **ANNEX 9** an official document of the LGA, far dwarfed that of Kirfi LGA. For Bauchi LGA alone as can be clearly seen from **ANNEX 9**, a total unauthorized payments of N 912,157,542= was made within the period. These monies are simply ferried to officials of the Ministry of LG Affairs which are pooled together by the commissioner and shared by him at the directive of the Governor.

4. STEALING IN THE GUISE OF WORKSHOPS, BY MINISTRY FOR LOCAL GOVERNMENT AFFAIRS:

By **ANNEX 10**, Alkaleri LGA just like the other 19 LGAs was compelled to release the sum of N 600,000= for Workshop for new Executive and Administration of LGA in Bauchi State. The

workshop never took place after all the LGAs in the state had paid N600,000.00 each.

In the same breath, by **ANNEX 11**, Alkaleri LGA just like all the other 19 LGAs in the state was tasked to release the sum of (N262,500.00) for workshop on the “ROLE OF WOMEN BEHIND LEADERSHIP: WIVES SUPPORT OF HUSBAND CAREER”, whatever that means. These are just examples of phantom workshops the Governor approves in order to steal funds. One can only imagine how many more such nonsensical workshops the Governor have approved since September 2019. The truth is that such workshops never took place. In the case of the two mentioned above, all the 20 LGAs were compelled to pay their contributions for the two workshops into the account of one, Alh. Adamu Saidu a lecturer with Federal Polytechnic, Bauchi. If he is invited for interrogation, he will reveal who directed him to share the money and the beneficiaries.

MIS-APPLICATION OF LGA FUNDS ON UBUDGETED PROJECTS BY THE COMMISSIONER FOR LG AFFAIRS, HON. NUHU ZAKI.

The said Hon Nuhu Zaki had released a promotional video on Projects he is executing on behalf of the Governor. These are phoney projects not backed by appropriations. All allocations to the 20 LGAs in Bauchi less salaries go into funding these phantom projects that only Hon. Nuhu Zaki and his officials know something about. They claim to be spending all the illegal returns from the 20 LGAs on the following projects, which are not even fairly spread among the LGAs. While the funds are stolen from all

the 20 LGAs not all the 20 LGAs are beneficiaries of the unbudgeted projects.

The projects are as follows:

1. Bakin Kura Ultra-Modern Mosque.
2. Seventy-six (76) classrooms at Gwallaga.
3. Palace of Galadiman Katagum at Zaki LGA.
4. Palace of Warji
5. Palace of District Head of Nabardo
6. Rural Electrification at Maraban Liman Katagum.
7. CAN Secretariat (Newly Constructed).
8. Rural Electrification at Kanawar Mai Alewa.
9. A Center at Yuli opposite – Ganjuwa LGA
10. Construction of Zango Bridge.
11. Construction of roads and bridges at Gwallagan Mayaka
12. Construction of road at Magaji Quarters – Unguwar Sarki
13. Road works at Unguwan Sarakuna
14. Bridge construction at Kirfi-Wanka.
15. ECWA Church (No location mentioned)
16. Construction of 3 Bridges at Burra to Ningi
17. Feeder Road, Ningi – Balma
18. Feeder Road, Ningi – Burga

19. Construction of bridge at Dawaki – Dungu Warji
20. Guest Houses in Bauchi
21. Purchase of school learning materials.

PRAYER:

In order to arrive at the truth and unearth more shocking scams, the Commissioner for LG Affairs, his Permanent Secretary, Director of Finance, Director Procurement and the Cashier should be invited for interrogation alongside most of the former CTCs, some of whom have agreed to volunteer more information should they be invited to testify. Hon Nuhu Zaki must be compelled to tell Bauchi people where he get the money he spends on those projects from. Investigations by your Agency will reveal how Hon. Nuhu Zaki and his boss, Gov. Bala Mohammed unconstitutionally bleed the 20 LGAs, financially.

AWARD OF N3.6 BILLION CONTRACT, LATER REVIEWED TO N4.6 BILLION TO ADDA NIGERIA LTD IN VIOLATION OF SECTIONS 5 AND 6 OF THE CODE OF CONDUCT FOR PUBLIC OFFICERS AND SECTION 25 OF THE BAUCHI STATE PROCUREMENT ACT:

This is the most brazen and audacious act of impunity, nepotism and violation of public trust ever perpetrated in the history of Bauchi State. Attached hereto are **ANNEX 12 to 24** Which we wholeheartedly adopt and wish to summarise as follows:

- 1) The controversial contract involves the supply of 105 assorted vehicles.

- 2) In order to fund the contract, the Governor illegally obtained a loan of N3.5 billion from UBA Plc.
- 3) The Governor compelled UBA Plc to transfer the total loan amount of N3.5b directly to ADDA Nigeria Ltd., a company in which he had 20% stakes in, and the balance of 80% stakes held on his behalf by Abdullahi, Salihu Bawa, his childhood friend and known front.
- 4) The loan of N3.5b went into the Governor's private company account without having to pass through the state treasury; as a result the Governor expended the total amount of N3.6 billion without remitting statutory taxes to the state.
- 5) The initial costing of the supply of 105 assorted cars was generously put at N2.6 billion. The Governor in connivance with some unscrupulous state officials inflated it by N900m.
- 6) The N900m illegal addition to the contract sum was not enough to satisfy the governor's greed so he single handedly directed state officials to further inflate the contract by N1 billion taking the total cost of supply of the 105 assorted cars to N4.6 billion not N3.6 billion mentioned in several reports and publications.
- 7) It was the act of impunity in paragraphs 4, 5, and 6 above that led to the resignation of the then state commissioner of finance, Nura Manu Soro who was barely two months in office because the young man felt he could not defend this brand of financial recklessness.

- 8) We can confirm that the Governor's son, Abdullahi Bala Mohammed received various funds transfers directly from the N4.6 billion windfall from Adda Nigeria Ltd, a company owned and managed solely on the directives of his father who is the Governor.
- 9) Specifically, bulk of the first tranche of the loan of N3.5 billion paid directly into the account of Adda Nigeria Ltd were transferred to BDCs and converted to dollars for bribe seeking officials in different places. No wonder the Governor had to jerk up the contract amount by N1 billion. Since he had used a bulk of the N3.5 billion as bribes to save himself and his family members from embarrassment.
- 10) The Governor's sons who have confided in some of their friends said that they used part of the funds transferred to them to settle lawyers on both sides prosecuting Authorities and judicial officers. No wonder the corruption trial involving the Governor and his sons has been spectacularly stalled, which is a blight on Mr. President's war on corruption. The Governor has immunity but the son has no such immunity.
- 11) No due process was followed in the award and implementation process of the N4.6 billion contract awarded to the Governor's company, Adda Nigeria Ltd. This is a violation of the laws of the state. Consequently, state officials including other sham Directors of Adda Nigeria Ltd must account for this rape of Bauchi State treasury.
- 12) Paper work for the award of the contract was hastened months after the award of the contract to Adda Nigeria Ltd.

Investigations will reveal the rigged process involved in the award of the contract. It is obvious the Governor was in a hurry to generate money for obvious reasons, then.

13) To make matters worse, there was no line in Bauchi State, 2019 budget that provided for the sum of N4.6 billion for the supply of assorted vehicles. The only line in the state's 2019 Budget was provision of the sum of N1 billion for motor vehicles purchase in the state's Ministry of Finance and Economic Development Budget. Spending without legislation, constitutes a breach of the constitution and a breach of the Governor's Oath of Office, to govern according to laws not by his whims and caprices.

14) The Governor's spokesperson, Muktar Gidado (SSA Media) who is also a brother to the Governor's wife had first confirmed that the contract was actually awarded to Adda Nig. Ltd. but denied that his brother-in-law, the Governor is part owner of Adda Nig. Ltd.

15) The question still remains, who is this Bala Abdulkadir Mohammed with identical credentials with the Governor and even using the Governor's family residence in Bauchi (No. 227 Gombe Road, Bauchi, Bauchi State) as his registered address?

16) Another question that must be answered is, who is Bala Abdulkadir Mohammed other than the Governor, who runs a briefcase company with no known office or website that was adjudged by the ruling clan of thieves in Bauchi to be qualified to handle a contract involving a whopping sum of N4.6 billion? Alh. Abdullahi Salihu Bawa (Yari) must be compelled to tell us who this his business associate, known as Bala Abdulkadir Mohammed is?

Only your Agency can get these answers for the people of Bauchi and lovers of the truth.

17) To try and distance the Governor from the fraud perpetrated through Adda Nig. Ltd., the Governor in connivance with Abdullahi Salihu Bawa (Yari) escalated their crimes from the state level to the federal level. The duo succeeded in procuring the assistance of the Registrar General of CAC, Garba Abubakar in removing Bala Abdulkadir Mohammed's name as director of Adda Nig. Ltd. through fraudulent means. **ANNEX 19, 20 and 24** to this petition are patently clear and manifestly unassailable.

18) If Bala Abdulkadir Mohammed is not the Governor then why did they secure the services of the CAC to clumsily and illegally make backdated filings removing Bala Abdulkadir Mohammed as a director of the company? What are they trying to cover by these illegal backdated changes? Why is it so important to have warranted the commission of crime in order to just change a director of a company?

19) Muh'd Bala Abdullahi the lawyer who made the backdated fillings on being reminded by the correspondent of Premium Times that the filed documents carried a retrospective date, said "I am not disputing that". Muh'd Bala Abdullahi also confirmed that he filled the changes this year, meaning 2020 while the documents bore 2019 dates. This is to say the least, criminal.

20) It is no longer any secret that the RG, CAC Garba Abubakar has removed Adda Nigeria Limited's file from the CAC shelf where it should ordinarily be. Why should the RG do that and why is he trying to cover for the crimes of others while serving in a

Government that prides itself on war against corruption? In law the combination of all the activities of the RG, CAC, Adda Nigeria Limited, their lawyer; Muh'd Bala Abdullahi, Abdullahi Salihu Bawa (Yari) is known as "consciousness of guilt". They want to cover their crimes at all cost.

PRAYER:

We want your organization to do a thorough investigation of these crimes. Specifically, we want to know:

- a) Who is Bala Abdulkadir Mohammed of Adda Nigeria Ltd whose registered address is No. 227 Gombe Road, Bauchi, Bauchi State? Abdullahi Salihu Bawa (Yari) should know this Bala Abdulkadir Mohammed since he is his Business Associate.
- b) If Bala Abdulkadir Mohammed is the Governor as we all know, was it not a breach of code of conduct for public officers, breach of Section 25 of Bauchi State Procurement Act and breach of public trust for the Governor to have awarded a contract of N4.6 billion to his company?
- c) Where was the loan of N3.5 billion paid into other than the account of Adda Nig. Ltd? Who disbursed the funds and who are the beneficiaries of the disbursements and for what purposes? These questions can be answered by Abdullahi Salihu Bawa (Yari) since Bala Abdulkadir Mohammed his partner and Associate now enjoys immunity.
- d) Were statutory taxes paid to Bauchi State Government by Adda Nigeria Ltd?

- e) What is the contractual costing of the 105 assorted vehicles, compared to the cost Bauchi State Government and other procuring entities acquired them?
- f) Why did Nura Manu Soro resigned his post as commissioner for finance barely two months in office.
- g) Who are the owners of the other two companies viz: Shafa (Nig) Ltd and Web Meg Services (Nig) Ltd that bided for the supply of the 105 assorted vehicles alongside Adda Nig. Ltd? See **ANNEX 12.**
- h) What did the Governor's sons: Abdullahi and Shamsudeen Bala Mohammed used the funds they got from the vehicle supply contract through Adda Nigeria Ltd for?
- i) Why did Adda Nig. Ltd. and their lawyer, Muh'd Bala Abdullahi conspire to embark on backdated fillings at the CAC in order to remove Bala Abdulkadir Mohammed as a director of the company?
- j) What does the RG, CAC know to the extent that he offered to conspire with promoters of Adda Nig. Ltd. and their Lawyer named in (i) above as an accessory before and after the fact of the crime of doctoring records at the CAC, where he is the head ?
- k) Why did the RG, CAC removed Adda Nig. Ltd's file from CAC shelf and did not return it even after Premium Times had reported it. Is he trying to cover for his crime of serving as accessory to doctoring CAC records or covering for the said Bala Abdulkadir Mohammed, who is so important in the eyes of the RG but

dismissed as a nonentity by another Bala Abdulkadir Mohammed, the Governor of Bauchi State? What should we believe?

OTHER PHONEY CONTRACTS:

ANNEX 25 and 26 to this petition contain list of projects awarded and paid for so far by the Governor. An analysis of the **ANNEX** will reveal the following fraudulent details.

1. Road Contracts covering a total of 96 kilometers at N17.5b which translates to about N182m per kilometer, awarded solely by the Governor before the composition of the State Executive Council. The Governor also illegally paid over 50% mobilization against the provision of the Procurement Act which Bauchi State has domesticated and against the advice of the State Pricing Intelligence Agency.

The Commissioner for Works illegally included the sum of N300m into the road construction contracts purportedly to serve as compensation to land owners for road construction. Part payment for the N300m was made in September 2019. The balance has been paid and shared by the commissioner under the Governor's directives. The commissioner should be invited to provide the names of land owners paid and how much was paid to each of them. We hereby without equivocation state that a chunk of the payment to the road contractors was diverted to BDCs and converted into dollars which was used as bribes to judicial officers to facilitate favorable judgments at the Tribunals , and courts where the Governor and his son were being prosecuted for sundry acts of corruption. Your Agency cannot but unravel this. If

the contractors are invited to provide details about the utilization of the over 50% illegally paid to each of them as mobilization, the findings will rattle us all.

The Governor has openly admitted to making payments against the provisions of the law but claim that serious work is ongoing at the sites. He has forgotten that he swore to uphold the law and not resort to self help like a dictator even if such illegal measures work well. The undeniable fact is that the Governor illegally used such illegal payments to the contractors not for any other consideration but to raise money to be used as bribes for his nagging legal issues, then.

2. Contract for the supply of diesel to General Hospitals in the 20 LGAs and the Specialist Hospital. This contract is being handled by the Governor's adopted son, Muntaka Duguri for the Governor's elder brother, Alh. Adamu Duguri. This contract that was awarded against due process is the reason about N50m monthly is being diverted from the state treasury into Alh. Adamu Duguri's pocket.

3. A cleaning company that provides services to only five places; viz : Government House, Deputy Governor's Office, Ministry of Finance, Ramat House and VIP 9, fleeces the state to the tune of N60m monthly. The payment is usually enforced by the SSG, who is the official agent for a so-called Governor's friend who is in turn fronting for the governor. The wickedness involved in this is that the state's official cleaning outfit, (BASEPA) that does more of the cleaning work gets only N19m monthly allocation. The SSG has the details and should be invited to shed light on this brazen rape

of Bauchi treasury by the Governor through one of his many fronts.

4. More than 90% of the contracts in **ANNEX 25 and 26** were either awarded directly to the Governor's elder brother, Alh. Adamu Duguri, Governor's sons, wives or their cronies except for the State PDP Chairman, Alh. Hamza Akuyam. Even Ramadan Press is a known front of the Governor as it stands now.

5. SUBEB/UBEC jobs are the exclusive preserve of the Governor's family. No wonder SUBEB is even unable to provide details of the contractors in official documents as can be seen in **ANNEX 25**. The Governor's elder brother, Alh. Adamu Duguri; his sons especially Muntaka, Shamsudeen and Abdullahi are the known ring leaders. They should be asked to provide details about all the contractors involved in these massive frauds.

PRAYERS:

It should be noted that 90% of the contracts being awarded by the Governor are never properly advertised and bidden for nor are cost saving measures adopted since they are mostly awarded to his blood relations or fronts. It will surprise you to know that most of the companies used as fronts have no known offices and not registered with the CAC. Most of these contracts, though fully paid for, have not been executed. Even where they claim bids were called for, the exercise is a racket and a mockery of what Due Process is about. See list of payments contained in **ANNEX 26** hereto attached.

Consequently, we wish to request that Bauchi State Due Process officials be invited to shed light into the sham they preside over

and the Governor's relations should be made to account for this rape of our resources in a scale never before witnessed in our dear State. We also invite you to run a check at CAC on the registration status of all the companies listed in **ANNEX 25 and 26** to this Petition. The discovery will jolt every man and woman of good conscience, as most of the contracts that have been fully paid for remain unexecuted.

SCHOOL FEEDING SCAM:

Of the Governor's financial crimes and malfeasance, stealing from our school children is by far the worst. Bearing in mind the last released out of school children statistics in which Bauchi State tops all the states of the federation, the least charitable person to the Governor would wish that children are motivated and even wooed to go to school but reverse is the case in Bauchi.

This is how the scam over school children's feeding is perpetrated. Every single Friday that schools are open, a protein diet is approved at N70= per child every Friday for 600,000 children. That should cost N42m each Friday and since we have 4 Fridays in a month, $N42m \times 4$ gives you a total of N168m in a month.

Instead of feeding the school kids with protein on Fridays, the Governor directed that the protein be substituted with Milk and Biscuits at N25 per child as against N70 per child. $N25 \times 600,000$ children gives you N15m every Friday. If you multiply $N15m \times 4$ since there are 4 Fridays each month you will get a total of N60m. To arrive at the savings per month, one has to do elementary mathematics: $N168m - N60m = N108m$.

From the above heartless savings of N108m a month from the school feeding, the Governor directed that the sum of N200,000= be paid to each of his LGA Coordinator amounting to N200,000 x 20 since there are 20 LGAs, i.e. N4m total monthly pay out. That leaves a balance of N104m monthly for the Governor. Perpetrators of this wickedness are paid from other compromises of the school feeding programme on other days other than Fridays. Stealing from our children this way imperils our future in a most irresponsible way.

PRAYERS:

If nothing is done about other subjects this petition has covered, stealing from school feeding programme must be stopped. Some conscientious food vendors, teachers and school children are ever ready and willing to cooperate in the investigation if included. We must do all within our powers to protect our children and guarantee our future.

STEALING IN THE NAME OF SECURITY VOTE:

Gov. Bala Mohammed has quadrupled his security vote against the tradition of his predecessors since 1999 where none has ever spent above N150m. The Governor recklessly spent N2.194b between June and September, 2019 despite the non existence of a security emergency situation in the state to warrant that level of unparallel expenditure. In July 2019 alone, the Governor took N995m as security vote, which he used in settling election debts and lavished the balance in furnishing his new Lebanese wife's Mansion in Asokoro, Abuja. The SSG, DFA in Governor's Office and

the then COS are aware of these illegal expenses and should be made to account for it.

We wish to also add that Bauchi State Government Central Treasury has not been reconciled or audited in the last 5 years. The Accountant General (AG) has been notorious for awarding and paying for illegal and none existent contracts over which he has no authority. He enables himself to commit daring frauds just like he does for the Governor. He is untouchable because the Governor cannot dare him for fear that he might spill the beans if he is pushed to the wall.

PRAYER:

The SSG, COS, Director Finance Government House and the AG should be invited to provide details of the expenditure that was not security related. They are aware and actively participated in ferrying the money to be used for other purposes other than for security.

RENTING OUT THE PERSONAL RESIDENCES OF THE GOVERNOR AND DEPUTY GOVERNOR TO BAUCHI STATE GOVERNMENT

It is no secret around government circles in Bauchi State that the Governor has rented out his personal residence to the State Government and his operating from that residence is costing the State Government a whopping N900m annually while that of the Deputy Governor who also refused operating from the Deputy Governor's official residence is costing the state a staggering N750m annually.

In addition to the above fixed costs, both the Governor and the Deputy Governor are making varying improvements to their personal properties at tax payers' expenses. This kind of fraud is novel to Bauchi State. No Governor has ever rented his personal property to the State Government to be used as official residence(s). This callousness also flies in the face of the fact that nothing is wrong with the Gov/Deputy Gov's official residences.

PRAYER:

We want your Agency to question those who acted as fronts in consummating these frauds on our state, while the Governor and the Deputy wait for their turn after the immunity they now enjoy expires. Bauchi State Officials are at hand to confirm and provide additional information if they are ever invited and asked to come forth. On the part of the Governor and his Deputy, this is an abuse of public trust and a breach of their oath of office.

CLOSING REMARKS

We expect that our petition will receive your quick attention in line with President Buhari's commitment to fight corruption to a standstill. We expect justice, Bauchi people expect justice and Nigerians expect justice.

We believe your Agency will do a thorough job, the type that will make President Buhari and all Nigerians who may read this petition happy.

A Federal High Court in Abuja presided over by Justice Taiwo Taiwo, has refused to set aside an order of interim forfeiture of some properties linked to Shamsudeen Bala, son of Bauchi governor, Bala Mohammed, who is being prosecuted by the Economic and Financial Crimes Commission for money laundering.

Shamsudeen is facing trial before Justice Nnamdi Dimgba of the Federal High Court, Abuja, on an amended 14-count charge.

He is standing trial alongside Bird Trust Agro Allied Limited, Intertrans Global Logistic Ltd, Telecommunications Ltd and Bal-Vac Mining Nigeria Ltd.

In the course of the trial, the EFCC had on October 18, 2017 secured an order for the interim forfeiture of some properties traced to Shamsudeen, which are believed to be the proceeds of illegal activities.

Justice Dimgba had made the order pursuant to a motion brought before the court by the EFCC seeking for the interim forfeiture of the properties.

Dissatisfied with the order, Shamsudeen sought the order of the court to set aside the interim forfeiture order of Justice Dimgba.

However, delivering judgment on Wednesday, Justice Taiwo refused to set aside the interim orders of some of the properties as contained in the order of interim forfeiture made by Justice Dimgba.

The properties include a mansion located at Sunrise Estate, Asokoro, Abuja; three four-bedroom detached duplexes located at Green Acres Estate, Apo-Dutse, Abuja; and a four-bedroom semi-detached duplex with BQ, located at Maitama, Abuja. The trial judge held that in relation to the other properties listed in the schedule, "those who laid claims showed sufficient proof of ownership and no pending charge against them".

Furthermore, Justice Taiwo also took judicial notice of counts three, four, five, six, seven, eight, nine and 10 and also refused to set aside the properties listed in the counts "because they are subject to pending criminal proceedings before Justice Dimgba".

Meanwhile, Shamsudeen is expected to continue his trial in 2020.

Pursuant to its powers contained in Section 45 (4) (a-c) of the Corrupt Practices and Other Offences Act, 2000, the Independent Corrupt Practices and Other Related Offences Commission (ICPC), has seized a multi-million naira property belonging to the Bauchi State Governor Bala Mohammed, formerly Minister of the Federal Capital Territory (FCT).

The property which houses Zinaria International School is located at Plot 298 Wuye in Cadastral Zone B3, FCT, Abuja.

ICPC's intelligence-led investigation revealed that Senator Mohammed in his official capacity as the FCT Minister, had allocated the said property to a school that had himself and family members as directors and shareholders, despite an existing right of the Federal Ministry of Agriculture to the land.

To this end, the Commission will issue notices of seizure and shall cause them to be served to the appropriate land registry, ministry and department where the property is situated as required by law.

Senator Mohammed had earlier been charged for using his office to confer corrupt advantage on himself and relations under Section 19 of ICPC law but could not be arraigned before he was sworn in as Governor of Bauchi State.

In view of the provisions of Section 308 of the 1999 Constitution as amended, the charge was pending before Hon. Justice Senchi of FCT High Court 13, Jabi, was withdrawn by the Commission to forestall its being struck out by the court suo moto.

Following the notice of seizure, the Commission will apply to the court for an order of forfeiture under Section 48 of the ICPC Act in line with the Federal Government Policy focusing on recovery of proceeds of crime, pending when the tenure of the governor expires.

3.	Web-Mag. Services (Nig) Ltd.	"	N3,911,000,000.00

2. Your Excellency may wish to:-

A- NOTE:

- 1) That, out of the company that quoted for the supply Messrs. Adda Nigeria Limited is recommended for the supply having quoted the lowest among the bidders

22

- 2 -

- ii) That, there is adequate budgetary provision in the 2019 Budget of the Ministry under Code 23010165-03101 with N3.5 billion to cater for the expenditure.

B. APPROVE

Your Excellency is graciously invited to grant the anticipatory approval for the supply of 105 Nos. vehicles at the cost of N3,602,000,000.00 for distribution to officials of the State Government and some MDAs, please.

THE SECRETARY TO THE STATE GOVERNMENT

RE: APPRAISAL OF IN PRINCIPLE OFFER OF N3.5 BILLION
FACILITY GRANTED TO BAUCHI STATE GOVERNMENT BY
UBA PLC FOR THE PURCHASE OF OFFICIAL VEHICLES.

The above subject matter refers, please.

2. His Excellency may wish to note that three offers of Bank loans were received from UBA Plc, Polaris Bank and Union Bank Plc of N3.5 billion each for the purchase of official vehicles. However, UBA Plc's offer was nominated because it has the most competitive rates and the Bank is also the main Bankers of the State.

3. The terms and conditions contained in the offer of UBA Plc are as follows:

a.	Borrower	Bauchi State Government
b.	Facility Type	Term loan
c.	Total Amount:	N3.5 Billion
d.	Purpose	To purchase official vehicles by the State Government
e.	Tenor	36 months
f.	Interest rate	18 percent per annum.
g.	Fee	0.5 percent flat.
h.	Repayment Terms	Payment of principal and Interest from FAAC & VAT allocation domiciled with UBA Plc
i.	Security	1. Irrevocable Domiciliation of Bauchi State's FAAC & VAT Allocation with UBA Plc throughout the tenor of the facility.

4. Your Excellency may wish to note further that the Debt Management Agency carried out an appraisal to assess the impact of the loan on the existing debt portfolio and the State's capacity to repay. The outcome suggests that the debt ratios will remain within sustainable limits during the life time of the loan and taking the loan will not subject the State to any liquidity problem over the short to medium term. The repayment schedule is attached for His Excellency's ease of reference, please.

5. **Prayer:**

His Excellency is kindly invited to consider and approve:

- a) The acceptance of the facility of N3.8 billion as well as the terms and conditions articulated in paragraph 3(a-i) above.
- b) Issuance of an Irrevocable Standing Payment Order (ISPO) to UBA Plc authorizing the monthly deduction of the sum of N126,533,384.38 for 24 months from the State's FAAC & VAT account domiciled with the Bank for the repayment of the loan.

6. If the above prayers meet His Excellency's approval, there is the need for a Governor-in-Council approval and House of Assembly's Resolution.

Bala Mohammed, Governor of Bauchi State

EXCLUSIVE: Bauchi Gov. Bala Mohammed awards N3.6 billion contract to own company

Bauchi State governor, Bala Mohammed, has awarded a company in which he is a director a share contract worth N3.6 billion, in clear contravention of Code of Conduct and Public Procurement laws, PREMIUM TIMES can report.

The contract was for the supply of a whopping 105 "officials vehicles" for the use of the governor and other government officials.

Just like the award of the contract, delivery by the contractor remains controversial with allegations of shady execution.

Officials familiar with the issue said the contract awarded to Adda Nigeria Limited, a company in which Mr Mohammed retains a 20 per cent stake, was one of his first actions as governor.

The former minister of the Federal Capital Territory (FCT) was elected governor of the northeastern state in a poll that was seen as a referendum against the then incumbent Mohammed Abubakar who sought a second term.

Prior to his election as governor, Mr Mohammed was standing trial for alleged corruption during his stay as the FCT minister.

The anti-corruption agency, EFCC, first filed six-count **charges against Mr Mohammed** on October 10, 2017. He was accused of abuse of office and land racketeering. He denied the charges.

In April 2019, weeks after his election as governor, the agency **slammed amended charges** on Mr Mohammed before the FCT High Court, accusing him, among other things, of receiving a bribe valued at N550 million in gratification.

He was also accused of failing to disclose his ownership of some property.

With his inauguration as governor on May 29, the EFCC halted Mr Mohammed's prosecution, in deference to the constitutional immunity from prosecution enjoyed by holders of such positions in Nigeria.

Fresh scandal

Mr Mohammed is now engrossed in a fresh scandal from his first days as Bauchi governor.

The controversial contract is among government contracts awarded by the governor prior to constituting the state executive council.

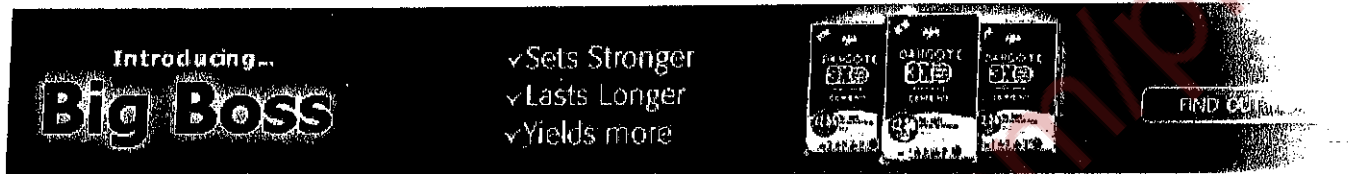

Other required procedures were also ignored as the paperwork was only hastened months after actual contract award.

Contracts of this nature are expected to follow standard bidding processes through open competitive bidding, according to the Bauchi State Public Procurement, Budget Monitoring and Price Intelligence Agency law.

Our website uses cookies. By continuing to use this website you are giving consent to cookies being used.

[Privacy and Cookie Policy.](#)

In addition to breaching federal code of conduct law, the award of the contract also conflicts with section 25 of Bauchi procurement law which forbids officials involved in the procurement from partaking in contract bidding or cooperation with bidders.

The Code of Conduct law, in sections 5 and 6, also bars public officers from putting themselves in positions of conflict of interest and disallows them from partaking in any business other than farming.

How the contract was awarded

The governor, according to documents seen by PREMIUM TIMES, awarded the contract in anticipation of the requisite state executive council approval.

It was not clear how the vehicles procurement process started but the earliest document on procurement seen by PREMIUM TIMES is a memo from the Ministry of Finance and Economic Development dated July 9, 2019.

The memo, addressed to the governor through the Secretary to the State Government, presented purported quotations from three companies for the supply of 105 vehicles.

The memo signed by Muhammed Sabo Abdullahi on behalf of the permanent secretary of Finance and Economic Development ministry, asked the governor to approve the purchase of Adda Nigeria Limited, which cost he put at N3,602,000,000.

Two other companies, according to the correspondence, quoted N3,740,000,000 and N3,911,000,000 respectively.

To perfect the process, on September 9, 2019, the governor inked his approval on the memo directing the Secretary to the State Government to table the memo before the executive council.

The executive council was not in place as at that time as the council was only inaugurated a month later, on September 10.

The documents were later tabled before the first state's executive council meeting on September 10, 2019, for what was a mere rubber-stamp exercise.

Insiders, however, said the then commissioner of finance in the state, Nura Soro, had raised questions on aspects of the contracts leading to stepping down of the issue at the maiden council meeting.

It is, however, unclear how the issue later scaled through, leading to the issuance of a council resolution extract dated September 17, 2019, to regularise the papers.

The controversy surrounding the contract award was said to be part of the reasons leading to Soro's **resignation** from his post in mid-October.

Mr Soro has declined a request for his comments on this story.

The company

Adda Nigeria Limited, first incorporated in late 1996 with a share capital of 500,000, has 10 directors, according to records obtained by this newspaper on January 8, 2020.

Abdullahi Salihu Bawa holds 200,000 share capital while Mr Mohammed and two other people who appear to be Mr Bawa's children, have 100,000 share capital each.

Mr Mohammed used 227 Gombe Road as his address in the registration forms.

PREMIUM TIMES checks in Bauchi show that the house belongs to Sarkin Duguri, Mr Mohammed's father. Relatives of the governor are said to be presently occupying the property while his brother, the present holder of the Sarkin Duguri title uses the residence when he returns to Bauchi for Sallah festivities.

It is known about Mr Bawa and the company as online searches and findings in Bauchi do not provide any useful clue as the company has no website or any social media account.

Records obtained by this newspaper from the Corporate Affairs Commission show that Mr Mohammed was in 2006 reappointed as a director of the company.

The company documents, however, did not show at what point the governor exited the directorate before his re-entry in 2006.

However, company filings between 2006 and 2018 filed with the CAC show that Mr Mohammed remained a director of the company, including the period he was FCT minister — another breach of the law.

Curiously, around the time of the contract award, Adda Nigeria Limited filed a notification with the CAC on August 1, 2019, appointing a close friend of Mr Mohammed, Abdullahi Yari, as its company secretary.

The appointment relied on a purported resolution of the board meeting of the company held on May 1, 2019.

Inflated, shady contract

Another issue with the N3.6 billion contract is the inflation of the amount involved and the number of vehicles.

While the 2019 Bauchi State budget provides for N1 billion for motor vehicles purchases to be handled by the Ministry of Finance and Economic Development, the government increased the money by N2.6 billion.

PREMIUM TIMES could not ascertain if there was an amendment on the 2019 Appropriation Act to accommodate the change.

Another curious aspect is the number of vehicles, which had to be jerked up to tally with the revised cost.

The 105 vehicles for an incoming government raises concerns on propriety and integrity of the action.

The cost of the vehicles was also varied from the market price by as much as N11 million of the vehicles.

An official document seen by our reporter shows that a Toyota Hilux van included among vehicles to be bought has its market price stated as N15 million with a contract price of N4 million.

The governor's Land Cruiser V8 with market price of N38 million was slated to be bought for N27 million. It was the same price for the deputy governor's Prado Jeep V8.

Officials at the office of the state's Secretary to the State Government said not all the vehicles have been delivered, five months since the award of the contract.

PREMIUM TIMES learnt that members of the state's House of Assembly have all taken possession of their Prado Jeep V6 series, despite generating uproar at the state.

Overall, the vehicles are being delivered piecemeal with some commissioners yet to be allocated their new Toyota Camry cars.

Government Reacts

A spokesperson for the Bauchi governor, Mukhtar Gidado, confirmed the award of the contract to PREMIUM TIMES.

Two days after taking our reporter's enquiry, Mr Gidado, who is also a beneficiary of the vehicle bazaar, called to confirm the contract.

"Yes, it is true. The contract was awarded at the cost you mentioned," he said.

He, however, refuted the allegation of shabby delivery, saying, "As I am talking to you (Friday), the last batch of eight vehicles are on their way to Bauchi from Lagos."

Mr Gidado also denied that Mr Mohammed is part owner of the company, challenging the claim to do "proper investigation" at the CAC.

But five days after the evidence of Mr Mohammed's ownership in the company was sent to Mr Gidado via Whatsapp, the governor's spokesperson who claimed he had not seen the evidence, insisted that Mr Mohammed was not a director in the company.

Contract Scandals, Nepotism and Sharp Corrupt Practices Flourishes in Bauchi

- Diesel Supply contract awarded to own blood brother
 - Extortion for appointment by own blood brother
 - Government turns to family estate
- From Ahmed Mahmoud Konkiyel

Prior to his joining the gubernatorial race, majority of the electorates including his party members, doubted his credibility going by his sordid past. During the electioneering campaign, he pretended to be innocent and determined to serve if elected. In spite of the pretence, he was not elected on his credibility but hat of on the credibility of others. Despite the claim of innocence against several allegations of financial misappropriation, land racketeering and bogus contracts award as FCT minister under former president Jonathan and 'sincere' intention to serve the people of Bauchi State with all honesty, Bauchi State governor, Bala Mohammed has finally confirmed the saying that a leopard can never change its spots going by his style of governance and lust for illegal wealth accumulation.

Within few months of his being in office, he has proved to any doubting mind that he means business. He wants wealth at all cost. He wants to enrich his family members and friends from the service he plans for the people.

- Within the period, he has rented out his personal residence where he stays with his family to government at a whopping sum of N900million per annum while that of his deputy stood at N750million.

The contract for the supply of diesel to government house generator, hospitals etc was awarded to his senior brother at a go while his junior brother, Dr. Rilwanu Muhammed whom he appointed as chairman of FCT PHCDA when he was a minister, messed up the agency and was subsequently sacked by the present FCT minister. As part of Bala's grand plan, the same Rilwanu was smuggled to Bauchi state as executive secretary of Bauchi state PHCDA for business as usual.

While civil servants have been subjected to series of verifications to fish out ghost workers to 'save' cost and contractors and consultants who provided services to the former government are denied payments, the governor smartly awarded their company in which he is a director a shady contract worth N3.6 billion, in clear contravention of Code of Conduct and Public Procurement Laws. The contract was for the supply of 105 "official vehicles" for the governor and other government officials as claimed.

Just like the award of the contract, delivery of the vehicles remains controversial with allegations of shoddy execution as the contractor is a wretched front and renowned sycophant of the governor now touted for commissionership to perfect future corrupt practices with ease.

A credible source familiar with the style applied for the contract awarded to Adda Nigeria Limited, a company, Mohammed retains a 20 per cent stake, was part of his actions as governor within six months in office.

Sen. Bala Muhammed was elected governor of Bauchi state on the strength of a trumpeted hatred campaign against the immediate past governor, Muhammed A. Abubakar who sought a second term.

- Before he clinched the PDP gubernatorial slot and subsequent election as governor, Sen. Bala was standing trial for alleged corrupt practices and diversion of public funds at a Federal High Court, Abuja
- EFCC filed six-count charges against him on October 10, 2017 for shortchanging Nigerians when he served as FCT minister. He was accused of gross abuse of office and land racketeering along with his eldest son, Shamsudeen.

In April 2019, weeks after his election as governor, the agency slammed amended charges on him before the FCT High Court, accusing him, among other things, of receiving a property located at Asokoro District, FCT valued at N550 million as gratification. He was also accused of failing to disclose his ownership of some property suspected from dubious sources.

With his inauguration as governor on May 29, the EFCC halted his further prosecution, in deference to the constitutional immunity enjoyed by holders of such positions in Nigeria.

Instead of repenting to prove a point, he strategized and engrossed in a fresh scandal from his first days as Bauchi governor.

- * The controversial 105 vehicles contract is among several other contracts awarded by the governor before constituting the state executive council which is an impeachable offence.
- * Other required procedures were also ignored as the paperwork was only hastened months after the actual contract award.
- * According to the Bauchi State Public Procurement, Budget Monitoring and Price Intelligence Act 2007 contracts of this magnitude are to follow due process through open competitive bidding published in at least three national newspapers which was violated. In addition to breaching Federal Code of Conduct Law, the award of the contract conflicted with Section 25 of Bauchi State Procurement Law which forbids government officials involved in the procurement process from partaking in contract bidding or connivance with bidders.
- * The Code of Conduct Law, in sections 5 and 6, also bars public officers from putting themselves in positions of conflict of interest and disallows them from partaking in any business other than farming.

The governor, according to documents perused, awarded the contract for later approval by the state executive council in line with the constitutional requirement to cover the fraud.

It was not clear how the vehicles procurement process started but the earliest document on the procurement perused is a memo from the Ministry of Finance and Economic Development dated July 9, 2019 less than two months after his inauguration as governor.

The memo, addressed to the governor through the Secretary to the State Government, provided fictitious quotations from three non-existing companies for the supply of 105 vehicles to government. The memo signed by one Muhammed Sabo Abdullahi on behalf of the permanent secretary of the Finance and Economic Development ministry, requested the governor to approve the purchase from Adda Nigeria Limited, which cost Muhammed Sabo put at N3,602,000,000 as already planned.

Two other companies, suspected to be fictitious, quoted N3,740,000,000 and N3,911,000,000 respectively to add credence to the quotation of Adda Nigeria Limited.

To perfect the process, on September 9, 2019, the governor gave his approval on the memo, directing the Secretary to the State Government to table the memo before the executive council "for ratification".

The executive council was not in place as at that time as the council was only hurriedly inaugurated a day later, on September 10 to cover the fraud.

The documents were later tabled before the state's executive council meeting on September 11, 2019, for mere rubber-stamping to add value to the fraud.

Observers, however, said the then Commissioner of Finance in the state, Nura Manu Soro, raised several mind-boggling questions on critical aspects of the contract at the maiden state executive council meeting that led to its stepping down. However, the issue later resurfaced within six days and 'miraculously' sailed through, leading to the issuance of a council extract dated September 17, 2019, to regularize the apers.

The controversy surrounding the contract award was said to be part of the reasons that led to Soro's sudden resignation from the executive council in October which forced the government to hurriedly announce a minor cabinet swap to portray as if it was because Soro was transferred to the youth and sports ministry that he resigned. But Soro had already posted his resignation on his face book page before the hurried swap was announced.

When contacted for his comments on the controversial contract, Soro touted as 2023 gubernatorial aspirant by his admirers, declined to speak on the issue. Instead, he said: "For now, I have no comment. I resigned on principle and to attend to my other personal engagements. But I still serve the people of Bauchi state in my private capacity out of government".

Adda Nigeria Limited, the company awarded the 105 vehicles contract was first incorporated in 1996 with a share capital of 500,000 and four directors, according to records obtained from discreet investigation.

Abdullahi Salihu Bawa (Yari) holds 200,000 shares while Bala Mohammed and two other persons, who appear to be Bawa's children, own 100,000 share capital each.

Bala Mohammed used 227 Gombe Road, Bauchi as his address in the registration forms.

A check in Bauchi shows that House No.227 belongs to the late Sarkin Duguri (District Head), who is Bala's biological father. Before her transfer to an acquired house at Bauchi GRA, Bala's biological mother, Inna was staying at No.227 Gombe Road but now relatives of the governor occupy the property, while his brother, the present Sarkin Duguri uses the residence when he is in Bauchi for official or private functions.

Bawa's family compound is also situated along Gombe Road in Bauchi referred to as Bakaro while he stays at his private house within old Bauchi GRA. Adda Nigeria Limited is a company that has no website or any social media account. It can hardly be located anywhere in Bauchi State but was awarded a contract of over N3billion for 105 assorted cars claimed for official use.

Records obtained from the Corporate Affairs Commission (CAC) shows that Bala Mohammed was in 2006 reappointed as a director of the company while still serving as an assistant director in the federal civil service.

The company documents, however, did not show at what point the governor exited the directorship before his re-entry in 2006.

However, company filings between 2006 and 2018 filed with the CAC shows that Mohammed remained a director of the company, including the period he was FCT minister — another violation of the law.

Curiously, around the time of the contract award, Adda Nigeria Limited filed a notification to the CAC on August 1, 2019, appointing a close friend of Bala Mohammed, Abdullahi Yari, as its company secretary. Unknown to the Commission, Abdullahi Salihu Bawa is the same Abdullahi Yari.

The appointment relied on a purported resolution of the board meeting of the company held on May 1, 2019.

Another issue associated with the N3.6 billion contract award is the inflation of the amount involved and the number of vehicles.

While the 2019 Bauchi State budget provides for N1 billion for motor vehicles purchase to be handled by the Ministry of Finance and Economic Development, the government increased the allocation to N2.6 billion without legislation.

It could not be ascertained if there was an amendment to the 2019 Appropriation Act to accommodate the sudden alteration of the budgeted figure.

Another curious aspect is the number of vehicles, which had to be jerked up to tally with the revised cost.

The purchase of 105 vehicles for an incoming government definitely has to raise concern on sincerity of purpose, propriety and integrity of the action.

Aside the governor and his deputy, the state has 31 state assembly members, 20 commissioners, about 2 permanent secretaries giving a total of far lower officials than the 105 vehicles to be provided for use.

The cost of the vehicles also varied from the market price by as much as N11 million for some of the vehicles. An official document seen by our reporter shows that a Toyota Hilux van included among the vehicles to be bought has its market price stated as N15 million with a contract price of N19 million.

The governor's Land Cruiser V8 with market price of N38 million was for N49 million. It was the same price for the deputy governor's Prado Jeep V8.

Officials at the office of the state's Secretary to the State Government said not all the vehicles were delivered, five months since the award of the contract.

It was learnt that members of the State's House of Assembly have already taken possession of their Prado Jeeps V6 series, despite generating uproar at the state.

Overall, the vehicles are delivered piecemeal with some commissioners yet to be allocated their new Toyota Camry cars.

From the government side, spokesperson for the Bauchi state governor, Mukhtar Gidado (SSA Media), brother to Bala's first wife, confirmed the award of the contract without mincing words. Two days after taking some reporter's enquiry, Gidado, suspected to be a beneficiary of the vehicles bazaar, called to confirm the contract possibly after consultations and clearance from the top. Hear him: "Yes, it is true. The contract was awarded at the cost you mentioned and to Adda Nigeria Limited."

He, however, refuted the allegation of shabby award and delivery, saying, "As I am talking to you, the last batch of the vehicles (8), are on their way to Bauchi from Lagos."

Gidado, who is also the zonal deputy national president of Nigerian Union of Journalists (NUJ), denied that his boss Bala Mohammed is part owner of Adda Nigeria Limited, and threw a baseless challenge to those reporters to do "proper investigation" at the CAC which he never knew was already done before requesting his response as part of ethics.

But few days after credible evidence of Bala's part ownership of the company was sent to Gidado via his Whatsapp, he claimed not to have received the glaring evidence, and insisted that his boss was not a director in the company. If he is not a director of Adda Nigeria Limited, then who is that Bala Muhammed with identical credentials with his boss? As an experienced journalist he claims to be, Gidado was expected to have displayed that experience in attending to the nagging questions which he had no genuine answers due to ignorance or meanness with the truth.

From its inception on May 29, 2019, the government of Bauchi state remains under the firm control of the governor's family members who decide who to be appointed to serve in the government including those who benefit from the few contracts while the governor has his foreign contractors that assisted him to ruin the FCT when he served as minister.

How Gov Bala Mohammed Used A Company Where He Was A Director, Whose Address Is His Mother Residence To Execute A N4.6 Billion Vehicle Purchase Contract

Ex-Speaker of the House of Representatives, Yakubu Dogara, has once again hit back at the Governor of Bauchi State, Bala Mohammed on he used a company in which he was a director and whose address was his mother's residence in Bauchi, to execute a billion vehicle purchase contract.

Dogara, in a statement issued by his media aide, Turaki Hassan also called on the Governor to address charges of corruption leveled against by the former Speaker, as the Speaker said resorting to blackmail won't help him.

In the statement signed by his media aide he said; "Allegations that Rt. Hon. Yakubu Dogara is investigated by the Economic and Financial Crimes Commission (EFCC), or any other anti-graft agency, are nothing but components of a smear campaign sponsored by Bauchi State government and its minions."

"It has been over one year since Rt. Hon Dogara left office as Speaker of the House of Representatives with an unblemished record of service. If there is any evidence of corruption against the former Speaker, it should be published by those who make claim of its existence or forever keep their peace," Turaki said.

According to the statement it said; "It is public knowledge that Rt. Hon Yakubu Dogara, other than his official purposes as Speaker of the House of Representatives, did not and still does not have any business with the EFCC or Independent Corrupt Practices and other related Offences Commission (ICPC), unlike Bala Mohammed and his children who were regular guests at EFCC and Kuje Prison for months."

Governor Bala should take this as a challenge to activate his contacts acquired while in detention and challenge the anti-graft agency to make public any evidence of fraud or corruption against the Rt. Hon or a report indicting him.

"He, alongside his minions, are also hereby challenged to make public the purported appreciation letter for the gift of any vehicle received by the Rt. Hon."

"Governor Bala Mohammed, rather than hiring paid minions to hurl insults and make false allegations against the person of Hon Dogara, would do well to scrap up bits of honour left in him by addressing the charges of corruption and self-enrichment listed in the resignation letter of the Rt. Hon as his paid minions to whitewash him will make no impact on Nigerians and indeed Bauchi people."

"Nigerians are now too sophisticated for cheap propaganda and can see through a desperate attempt to divert attention from the serious issues of corruption levelled against him.

If he has nothing to hide, Bala Mohammed should, within 48 hours, personally address allegations issued directly against him instead of resorting to cheap blackmail.

For starters, he can begin with records that he used a company in which he was a director and whose address was his mother's residence in Bauchi, to execute a N4.6 billion vehicle purchase contract.

He should explain who Bala Abdulkadir Mohammed, a director with 20 percent shares of Adda Limited, as obtained from the Certified True Copies of records of the company obtained from Corporate Affairs Commission and published by Premium Times on February 22nd 2020, is."

After PREMIUM TIMES story, Bauchi governor's name remove from firm awarded N3.6 billion illegal contract

The name of Bauchi state governor, Bala Mohammed, has been removed off the list of directors and shareholders of a company which got controversial N3.6 billion vehicle supply contract in a fraudulent process which backdated processes, PREMIUM TIMES investigation shows.

This newspaper first exposed Mr Mohammed's involvement with Nigeria Limited, a company he co-owns with a close friend of his Abdullahi Yari, in a series of stories published in February.

The stories caused ripples and condemnation, with lawyers and activists questioning legality and morality of the action, which contravenes Nigerian laws.

SEE ALSO: EXCLUSIVE: Bauchi Gov. Bala Mohammed awards N3.6 billion contract to own company

A spokesperson for Mr Mohammed at the time denied any wrongdoing and a government statement later claimed the Bauchi governor was not the Bala Mohammed Abdulkadir listed as director and shareholder of the company.

Months of fresh investigations and search at the Corporate Affairs Commission (CAC), the government agency responsible for licensing

and regulating companies in Nigeria, reveal a surreptitious operation leading to the removal of Mr Mohammed's name from the company.

Previous Allegation

Prior to his election as governor last year, Mr Mohammed was subjected to a criminal trial for alleged corrupt activities during his stay as the minister of the Federal Capital Territory (FCT).

The anti-corruption agency, Economic and Financial Crimes Commission (EFCC), first filed 6-count charges against Mr Mohammed on October 10, 2017. He was accused of abuse of office and land racketeering.

In April 2019, weeks after his election as governor, the agency slammed an amended charge on Mr Mohammed before the FCT High Court, accusing him, among other things, of receiving a house valued at N550 million in gratification.

He was also accused of failing to disclose the ownership of some of his properties.

But with his inauguration as governor on May 29, the EFCC had to his prosecution, in deference to the constitutional immunity from prosecution enjoyed by holders of a similar position of his in Nigeria.

Mr Mohammed and Adda Nigeria Ltd

Adda Nigeria Limited, first incorporated in October 1996 with a share capital of 500,000, has four directors.

The major nominal shareholder named Abdullahi Salihu Bawa holds 200,000 share capital while Mr Mohammed and two other persons who appear to be Mr Bawa's children, maintained 100,000 share capital each.

Mr Bawa, more commonly known as Abdullahi Yari, is a close ally of Mohammed.

The latter name was used in nominating Mr Bawa as the Company Secretary of Adda Nigeria Limited on August 1, 2019, two months before Mr Mohammed was sworn in as the state governor.

Records obtained by this newspaper from the CAC in January show that Mr Mohammed was in 2006 reappointed as a director of the company.

The company documents, however, did not indicate the purpose of reappointment; whether it was a result of re-entry after exit or renewal of the mandate.

How the contract was awarded

The earliest trace of the controversial contract available to PREMIUM TIMES is a memo from the Ministry of Finance and Economic Development dated July 9, 2019.

The memo addressed to the governor through the Secretary to the State Government provided purported quotations from three companies for the supply of 105 vehicles.

The memo, signed by one Muhammed Sabo Abdullahi on behalf of the permanent secretary of the Finance and Economic Development ministry, prayed the governor to approve the purchase from Adda Nigeria Limited, which put the cost at N3,602,000,000.

Two other companies, according to the correspondence, quoted N3,740,000,000 and N3,911,000,000 respectively.

To perfect the process, on September 9, 2019, the governor inked his approval on the memo, directing the Secretary to the State Government to table the memo before the executive council "for ratification".

Official cover-up for unapproved expenditure

In a February 26 story, PREMIUM TIMES established how top civil servants lied to cover up for the sham process and excluded the

contract from vetting and listing by the state's procurement agency provided by law.

- * In his July 9 memo, Mr Abdullahi claimed that the state's 2019 budget provides for N3.5 billion for the purpose under the budget of the Ministry of Finance and Economic Development.

"[T]here is adequate budgetary provision in the 2019 Budget of the Ministry under Code 2310165-03101 with N3.5 billion to cater for expenditure," the official wrote as part of the 2-page memo.

Scrutiny of the 2019 budget of the ministry by our reporter shows no such provision. The budget code is also non-existent in the budget document.

Also, the contract awarded to Adda Nigeria Limited alone is worth more than 200 per cent of the total capital expenditure for the Finance ministry.

The ministry's capital provision for the year stands at N1,111,500,000 with N1 billion earmarked for "purchase of motor vehicles".

The Finance Ministry had, from May to September 2019, awarded motor vehicles procurement contracts costing N881,537,000, thereby exhausting almost 90 per cent of the budgeted amount.

The state's entire budget for official vehicles for the three arms of government is also short of N3.6 billion, the value of the controversial contract.

Illegalities

In addition to breaching Nigeria's Code of Conduct Law, the award of the contract also conflicted with Section 25 Bauchi Procurement Law which forbids officials involved in the procurement process from partaking in contract bidding or corporate with bidders.

The Code of Conduct Law, in sections 5 and 6, bars public officers from putting themselves in positions of conflict of interest and disallows them from partaking in any business other than farming.

- ▲ Aside from distortions to give room for the contract approval, PREMIUM TIMES also noticed that the contract is missing from the list of government contracts for the year 2019.
- ✎ A document obtained from the website of the Bauchi State Public Procurement, Budget Monitoring and Price Intelligence Agency left out the huge supply contract among awarded projects for the year.
- ✎ The exclusion of the procurement agency from the contract award process contravenes Section 14 and 16 of the Bauchi State Public Procurement, Budget Monitoring and Price Intelligence Agency Law (2017).

Cover-up?

In what appears to be a move to cover the tracks from possible criminal proceedings, the name of Mr Mohammed is now replaced with back-dated filing at the CAC.

- ✎ Sources and documentary evidence obtained by PREMIUM TIMES show connivance between promoters of the company and the Registrar General of the CAC, Garba Abubakar, in removing Mr

Mohammed's name through fraudulent means.

Interestingly, Mr Abubakar hails from Mr Mohammed's state of Ba

A top source familiar with the deal told PREMIUM TIMES the Registrar General was "deeply involved" in the process.

This newspaper gathered that after the stories were published, Mr Abubakar recalled the Adda Nigeria Ltd file to his office where it had remained under close guard, even after completing the changes.

A request put forward to search for the file, as is the wont for lawyers conducting a routine search, returned no result a number of times.

When a request was filed on March 2 asking for the file of the company the lawyer was told that it was not on the shelf.

On submitting the request for the second time on March 4, it came back with a note: "File in RC's office".

Months later, the CAC was not forthcoming with letting out the file to the usual scrutiny by lawyers requesting information.

❖ But a copy of new documents in the file obtained by this newspaper on August 13 shows that Mr Mohammed was replaced as a director of the company in May 2019.

❖ The documents show that the filing was purportedly done on August 13, 2019. This could not, however, be true as search done in January 2019 by this newspaper showed otherwise.

In place of Mr Mohammed the company now appoints Abdullahi

Mujahid Yari as a shareholder and director of the company.

The filing again confirmed Mr Mohammed's address which in February was established by this newspaper as the governor's family house on Gombe Road, Bauchi.

Lawyer Confirms Backdated Filing

The lawyer who handled the filing for Adda Nigeria Limited, Bala Abdullahi, told PREMIUM TIMES on Saturday that the filing was done this year.

"I did not change the names. I only filed for them," he said.

Reminded that the filing was done this year although the documents were backdated, the lawyer confirmed that he filed the documents this year.

On being reminded the documents carried a retrospective date, Mr Abdullahi said "I am not disputing that."

CAC won't comment

The spokesperson for the CAC, Laraba Shuaibu, said she would not comment on the issue when contacted by PREMIUM TIMES.

"Honestly, I don't know what you are talking about," she told our reporter.

When the reporter requested that she listen to the explanation for her response, Mrs Shuaibu remained unyielding.

"Even if you explain to me on the phone, since I have not seen the the fact of the matter is not before me, I will not be in a position to comment on it."
